

West Bend Clinic

SOUTH

Froedtert & Community Health

Background

West Bend Clinic has been a leading health care provider in the Washington County area for more than 40 years. Staffed by more than 90 physicians and specialists, we provide a wide range of primary care and specialty services and offer several convenient clinic locations throughout the area. In August 2006, **West Bend Clinic - South** opened in the Pleasant Valley Medical Building attached to St. Joseph's Hospital at 3200 Pleasant Valley Road. Physicians and surgeons based at West Bend Clinic – South have close access between clinic and hospital patients, especially advantageous for critical or urgent situations.

Location

The clinic is 32,000 square feet and occupies two floors, with 42 exam rooms, 4 procedure rooms and 2 reception desks on each floor for both registration and appointment scheduling. The interior builds on the same natural healing environment and aesthetics found throughout the hospital campus, with magnificent views of the prairie gardens.
